“Enjoyed your [music and] cried me an ocean. The tears (which are unlike me) are exactly what the Dr. would have ordered. Thanks for offering a safe space to let it all out. Oh Yes the music made a big difference.” –**concert participant**

“Hearing your song again today is like a breath of fresh air. It brings me back into the rich magical feeling I had when I first heard you perform it outdoors. I'm listening as I write this and have the same reaction again...it's so moving, so soft, so simple...all these things at once. I really love it.” –**V.L. (Montreal, Qc)**

“Oh man. Everything in this song seems to be working. The voice seems to emit power without really trying. The tempo of the song, the almost melancholic taste it leaves in your mouth.. it's unique in its own right, which is a big plus. The guitars are sad, melodic, rhythmic, the drums don't stand out but they don't have to, they support the song just fine...a bloody good one at that. Keep it up.” –**fan feedback**
